This volume offers a comprehensive biography of the Roman physician Galen, and explores his activities and ideas as a doctor and intellectual, as well as his reputation in later centuries. Nutton's vivid, fast-paced style brings Galen to life, and her writing is lively and engaging. This book is a must-read for anyone interested in the history of medicine or the history of ideas.

Joseph Roth (1894-1939) served in World War I, Remarque with the German army and Roth with the Austrian. Their experiences would help define what Gertrude Stein referred to as the "Lost Generation." All Quiet on the Western Front is the story of a young German soldier who enlists in the German army and sees the horrors of war. Through the eyes of this young soldier, the reader gains insight into the mindset of the soldiers fighting in World War I and the impact of war on individuals.

Rilke's Book of Hours

Rainer Maria Rilke, one of the twentieth century's greatest poets, was moved by a spirituality he encountered in Russia in his twenties. Inspired, Rilke returned to Germany and put down on paper what he felt were spontaneously received messages and verses. These fresh translations rendered by Joanna Macy, a mystic and spiritual teacher, and Anita Barrows, a skilled poet, capture Rilke's spirit as no one else has done before.

Neiman's Learning from the Germans

As an increasingly polarized America fights over the legacy of racism, Susan Neiman, author of the contemporary philosophical classic Evil in Modern Thought, asks what we can learn from the Germans about confronting the evils of the past In the wake of white nationalist attacks, the ongoing debate over reparations, and the controversy surrounding Confederate monuments and the contested memories they evoke, Susan Neiman's Learning from the Germans delivers an urgently needed perspective on how a country can come to terms with its historical wrongdoings. Neiman is a white woman who came of age in the civil rights–era South and a Jewish woman who has spent much of her adult life in Berlin. Working from this unique perspective, she combines philosophical reflection, personal stories, and interviews with both Americans and Germans who are grappling with the evils of their past. Neiman's Learning from the Germans offers a powerful guide for Americans on how to move forward in a constructive way.

Thinking Through Questions

Anthony Weston 2020-03-01 Thinking Through Questions is an accessible and compact guide to the art of questioning, covering both the use and abuse of questions. Animated by wide-ranging and engaging exercises and stories, the book shows how questioning can be used to explore ideas, understand the world, and challenge assumptions. Weston's approach is practical and practical, and the book includes exercises and activities that can be immediately applied to real-world challenges and emotional problems.

Cultural and political shifts in the 20th century have led to a transformation in the ways we think about the world. This transformation has been driven by the rise of modernism and the development of new forms of communication, such as film and the internet. The book covers the key developments in these areas, and how they have influenced the way we think about the world today.

The Epagoge's New Clothes

Since Christianity evolved from the early Jewish church, it has been a source of great conflict and division. The book offers a fresh look at the evolution of the Christian church, and how it has shaped the modern world. Through a series of case studies, the author explores the key events and figures that have shaped the history of the Christian church, and how it has evolved over time.
